GUIDED KAYAK FISHING & TOURS

**Jervis Bay to Batemans Bay
& Beyond!**

Experience the exhilaration of fishing with soft plastic & hard bodied lures whilst surrounded by the stunning natural beauty of our pristine south coast bays, rivers, & estuaries.

In what is an Australian first, Bay & Basin Sportsfishing is now able to offer a truly eco-friendly calm water kayak fishing and touring experience aboard our small fleet of Hobie Pro-Angler and Sport model pedal kayaks. Designed for groups of 1-5 people, experience the amazing fishing & sight seeing opportunities of St George's Basin & the upper Shoalhaven River as you either cruise or target species such as Bream, Flathead, Snapper & Bass to name a few.

For the fisherman, bird watchers & nature photographers, the effortless silent operation of these amazing pedal powered kayaks allows you to be absorbed into nature as we access the less frequented back waters of some amazing south coast lakes & rivers.

Your guide is very experienced with over a decade spent cruising these waters. Tours are conducted on calm water & are suitable for people with a moderate degree of fitness.
